**ATTENTIONS**

1. The health insurance card is the basis for identifying the person on the card who is entitled to health insurance benefits;
2. Each insured person is granted a card and a valid unchanged number for the duration of his / her participation in health insurance;
3. At the medical examination and treatment, the health insurance card must be presented with photo, if there is no photo must be presented with photo identification. Only children under the age of 6 will produce health insurance cards;
4. Be careful not to lend to others and remember your health insurance card number;
5. In case of loss or damage, the fee must be paid when re-issuing or changing card.
